EDUCATION

Diploma in Computer Science and Full-Stack Web Development

Atlas School of Tulsa   April 2023 - December 2024

- Software development school located in Tulsa with a peer-learning environment. General Computer Science education with a specialization option for Full-Stack Web Development. Worked with peer groups during project sprints, mirroring the development workflow. Additional curriculum included a professional development program that taught soft skills and career readiness.

Associate's in Computer Information Systems

Tulsa Community College   August 2014 - Est. December 2025

- Seventy-Five percent completion of credits for an A.S. in Computer Information Systems. Received additional training in technology skills and general education in a higher learning environment. Degree completion expected in a timely manner.

Medical Assisting Certification

Tulsa Technology Center   November 2019 - March 2020

- Received technical training as a Certified Medical Assistant. Developed patient care skills and learned how to take vitals and perform diagnostic testing.

PROJECTS

Simple Shell
Atlas School of Tulsa

- Utilizing C Language with GCC Compilation, and Git/GitHub for version control, worked with a partner to create a simple version of Bash (Bourne-Again Shell).

Yuletide Shivers
Atlas School of Tulsa

- Working with a team of 3, designed, prototyped, and built a webapp containing a Choose Your Own Adventure Game. Utilized HTML, CSS, and JavaScript for Front-End, Google Firebase/Firestore for Back-End, and Git/GitHub for version control.

EXPERIENCE

OSU Medical Center
Certified Medical Assistant   April 2021 - August 2022

- Responsible for rooming patients and acquiring any necessary documentation to support the Cardiologists. Experience within the OSU EPIC system on the clinical side.

Jenks Family Physicians
Certified Medical Assistant   June 2020 - March 2021

- Responsible for rooming patients for a large primary care clinic. Fast paced environment managing multiple providers at a time.

Hub International
Commercial Lines Account Administrator   July 2017 - October 2018

- Managed multiple commercial insurance accounts with multi-million dollar clients. Handled policy initiation, renewal, and maintenance. Acquired experience in an office setting.

Chick-Fil-A
Team Leader   March 2012 - July 2016

- Managed team role allocation and handled all front counter customer complaints. Developed and implemented team building strategies to improve efficiency.
